La cornice dello specchio Mosaic diventa un riflesso per mille suggestioni luminose ed effetti cangianti. Realizzata a mano da esperti mosaicisti, nella sua preziosa decorazione fa rivivere un'arte antica.

Il fascino del mosaico trova espressione in ogni singola tessera, che cattura i frammenti di luce e li moltiplica attraverso brillanti superfici.

The frame of the MOSAIC mirror becomes a reflection for a thousand shining suggestions and changing effects. Handmade from skilled mosaicists, its precious decoration is able to let an ancient art come back to life.

The charme of the mosaic finds expression in every single tile, which captures fragments of light and multiplies them through bright surfaces.
