Dal design apparentemente semplice, Soho adotta un telaio in frassino massiccio a tre gambe e lo completa con un top in legno o con la porcellana Nero Marquinia per un look e una sensazione di lusso. Gamba liscia e una finitura in nero opaco completano questo design contemporaneo.

A seemingly simple design, Soho takes a three-legged solid ash frame and top in wood or with a beautiful porcelain, mimicking the look of Black Marquinia marble for a luxurious look and feel. Smooth leg joins and a matt black finish round out this contemporary design.
